

Public Information & Outreach Committee

Application

Thank you for your interest in joining ISI's Public Information & Outreach Committee.

An increasing number of stakeholders from across the public and private sectors are using Envision to plan, design, and deliver more sustainable infrastructure, set standards and establish policies for sustainable infrastructure, and guide procurement. The purpose of the Public Information & Outreach Committee is to inform ISI staff of market and implementation-related matters affecting the use of Envision®. The committee shall provide expert feedback and insight on how the Envision system and related tools, resources, and programs affect the user experience and market uptake of Envision, towards the goal of securing Envision's leadership in sustainable infrastructure and providing effective and satisfying user engagement.

Instructions

- The initial deadline for applications is April 18, 2019.
- Applicants who are selected to participate will be notified by email on or before April 26, 2019 and sent introductory call details.
- Applicants will then be considered and selected on a rolling basis, depending on the need(s) of the Committee, applicant qualifications and areas of expertise, and any other applicable factors.
- To be considered for the Committee, please complete and sign the following application form. The questions on this application will provide ISI with an overview of your professional experience and background.
- Please send your completed and signed application to Melissa Peneycad by email: peneycad@sustainableinfrastructure.org.

Application Considerations

The Public Information & Outreach Committee shall consist of between 10 and 20 members. Members of the Committee shall represent as many infrastructure sectors and geographical areas as possible.

Who should apply?

- Candidates who are interested in contributing to ISI in a voluntary capacity.
- Candidates who are members of ISI and have direct knowledge of infrastructure practices and Envision interest and use.
- Candidates who are active Envision users and believe they could contribute to ISI and the uptake of Envision use.
- Candidates who are already advocates for/interested in advocating for Envision use.
- Candidate who have expertise in Envision implementation, marketing strategies, and government procurement/tendering processes.
