

# ENVISION

Make a Difference for Students

August Only

## Buy One, Gift One

In August, buy an Envision training & ISI will gift a training credit to a full-time academic student.

### Your Purchase will help Students!

Would you like the opportunity to give back while also learning ISI's Envision® framework?

In August, ISI will hold a special '**Buy One, Gift One**' promotion to help students learn Envision.

*\*Your purchase can truly make a difference for a student wanting to be credentialed in Envision sustainability.\**

#### Single Purchases

For every ENV SP training purchased in August, ISI will issue a free ENV SP training credit to a full-time academic student. In other words, buy one Envision training credit and ISI will donate one training credit to a student.

#### Bulk Purchases

If your organization would like to purchase more than one Envision training credit (bulk purchases), ISI will match the amount purchased. For example, purchase 10 credits, 10 students will benefit from your generosity. Purchase 20 credits, 20 students will benefit. You get the picture. Whatever amount you purchase, ISI will match!

### Choose a Student or Class or Let ISI Choose

Once you have purchased a training, you can designate a specific student to benefit. Just [e-mail ISI](#) with the person's name, email address, and University information. (The student will need to create a free ISI account prior to receiving the credit.) If you purchase in bulk, also feel free to [e-mail ISI](#) and designate a University class to benefit.

**\*If you don't designate a student or class, ISI will be happy to choose the beneficiaries for you.\***

### Credit Distribution

ISI will distribute the credit amounts to students in September.

### Promotion Expires

The "Buy One, Gift One" promotion ends Midnight on August 31!
