

2026
**ISI ANNUAL
CONFERENCE**
Envision the Future of Sustainability

Conference Session Types

AUDIENCE

ISI's audience includes a range of professionals in the AEC industry, public service agencies, and academics; across all types of civil infrastructure. The conference brings together professionals across the full project lifecycle—including engineers, planners, designers, constructors, owners, operators, policymakers, and procurement leaders—along with students and faculty.

TIPS

- Focus on Envision and sustainable infrastructure
- Avoid product promotion
- Consider audience engagement
- Include everyone who would be part of the presentation
- Connect your abstract to the submission topics

SPEAKER BENEFITS

- Speaker name, bio, and photo published on the conference website
- Session social media promotion
- Personal and professional recognition
- Accepted speakers can earn credential maintenance hours toward their ENV SP renewal
- Inclusion in book of session abstracts published after the conference

Panel

Session Length: 60 minutes

Number of Presenters: Up to 4

Panel sessions should maximize discussion among the panelists and answer related questions from the audience. In your abstract, tell us how you would use 60 minutes for a panel, including the discussion topic, panelists, moderator, and audience engagement. Information about all participants (up to 5 people) must be included as part of the abstract submission.

Education

Session Length: 30 minutes (20-minute presentation + 10-minute Q&A session)

Number of Presenters: 1-2

Education sessions will feature technical presentations that highlight best practices, how to's, trends, deep dives, insights, innovation, etc. Education sessions may be grouped together under a theme or focus area to form a session block.

Project Showcase

Session Length: 15 minutes

Number of Presenters: 1-2

Showcase sessions must feature an Envision project case study. Multiple sessions will be combined with Q&A as a session block.

Academic Poster

Session Length: 8-10 minutes

Number of Presenters: 1-2

Presenters prepare a poster and provide a short summary presentation as part of a poster session.
