

2026
**ISI ANNUAL
CONFERENCE**
Envision the Future of Sustainability

November 4-5, 2026 • Virtual

We invite students & faculty
to **share their knowledge
of sustainability and
application of the Envision
framework** by submitting
a poster abstract.

Individual and team
submissions are welcome.

Student presenters will
be eligible to win a prize
from this year's poster
presentation sponsor:

Attend the hands-on program—
Climate Action Through Carbon Sequestration
—at Long Point Eco-Adventures Resort
& Retreat Centre in May 2027.

PRIZE INCLUDES

- ▶ 5-hour training program
- ▶ One night accommodations
- ▶ Breakfast and lunch at the Marshview Patio
- ▶ Air travel reimbursement—up to \$500*

Call for Academic Posters

At the 2026 ISI Annual Conference, participants
will *Envision the Future of Sustainability* by
**examining the critical and emerging issues
shaping the planning, design, and delivery of
civil infrastructure.**

In 2025, more than 1,500 attendees from 60
countries joined the free two-day conference
for 17+ hours of inspiring content.

UPDATED
Deadline: May 31, 2026

For Submission Requirements
and to download an abstract
template visit the link below.

Abstracts will be evaluated on the following:

- *Relevance to Conference Themes*
- *Clarity and organization of the abstract*
- *Original or innovative application of Envision*
- *Demonstrated connection to Envision principles*
- *Clear understanding and effective application of Envision*

ISI is using the Oxford Abstracts platform for submissions. The link is available on the conference page shown below. You will be prompted to log into your account or create a free Oxford Abstracts account prior to filling out the submission form. Through this account, you will be able to save, edit, and review your submission.
